

## **FBU Registration Process**

Right-after your arrival, FBU International Relations Directorate (IRD) should be contacted as soon as possible for registration procedures. FBU Student Card will be issued, so a photo must be brought for the student card. After communicating with the IRD and notifying your arrival, the IRD will direct you to the relevant Erasmus+ Departmental Coordinator & Student Affairs Directorate for course registration.

Within one month after you arrive to FBU; you need to apply for a residence permit. IRD and our student club will assist you with this procedure. After the arrival of the students, there will be an orientation day for incoming students to inform them in detail about the following topics:

- Campus tour
- Residence permit rules and regulations that affect your visa status
- Student health services and health insurance requirements at FBU
- Academic life at FBU and course registration
- Student Clubs/ Organizations at FBU
