Applications for Erasmus+ Staff Mobility for Teaching and Training activities will be received on the dates specified above, through the new updated portal. Since there is no enough document upload section in the new system, the mandatory documents (official letter of invitation and mobility agreement signed by all parties) required for the application and the supporting documents required for the additional score (such as language certificate, the list of institutions with whom you have completed the bilateral agreement process) must be sent to erasmus@fbu.edu.tr. The application of the staff who do not send the relevant documents within the application period will not be evaluated.

IMPORTANT: Since the new portal will be used for the first time, possible problems in the system can be reported to erasmus@fbu.edu.tr with screenshots.
